

**TAKUMI**  
Series Cinema Lenses

# **TAKUMI 2**

Artisan 29-120mm T2.9 Constant LF/VV Cine Lens

Large Format PL Mount Wide Range Zoom Lens

LF Open Gate and Vista Vision Compatible

MUSASHI OPTICAL SYSTEM CO., LTD.

## Main Features:

- All-spherical optical design for a natural character and classic rendering with round creamy Bokeh, no “cats eye” Bokeh.
- Smooth roll-off from in-focus to out-of-focus areas
- Subtle, well controlled focus breathing adding to the natural character of the lens
- Well controlled, very soft & subtle flare characteristics
- Artisan rendering, sharp without being too contrasty
- Made in Japan
